WEB-VERSED REPORT

Name of the event: WEB-VERSED

Code: DS/ER-03

Date of event: 13.02.2023

Details of the event:

To be able to create a unique design and an appealing UI is what they call designing. To ignite the hunger for web development, we, Team DedSec, are coming up with a workshop on front-end development and GitHub link deployment. Our main motive is to give them a vivid description of the various properties of HTML and CSS along with hands-on development of a static page. Next comes the deployment of their individual projects on GitHub Pages and attaching it to their LinkedIn profile.
