

**PSID:**

KVH-005

**Problem Statement Title:**

ANPR & FRS SOLUTION

**Team Name:**

Team-25\_Stuck between pixels

**Team Leader Name:**

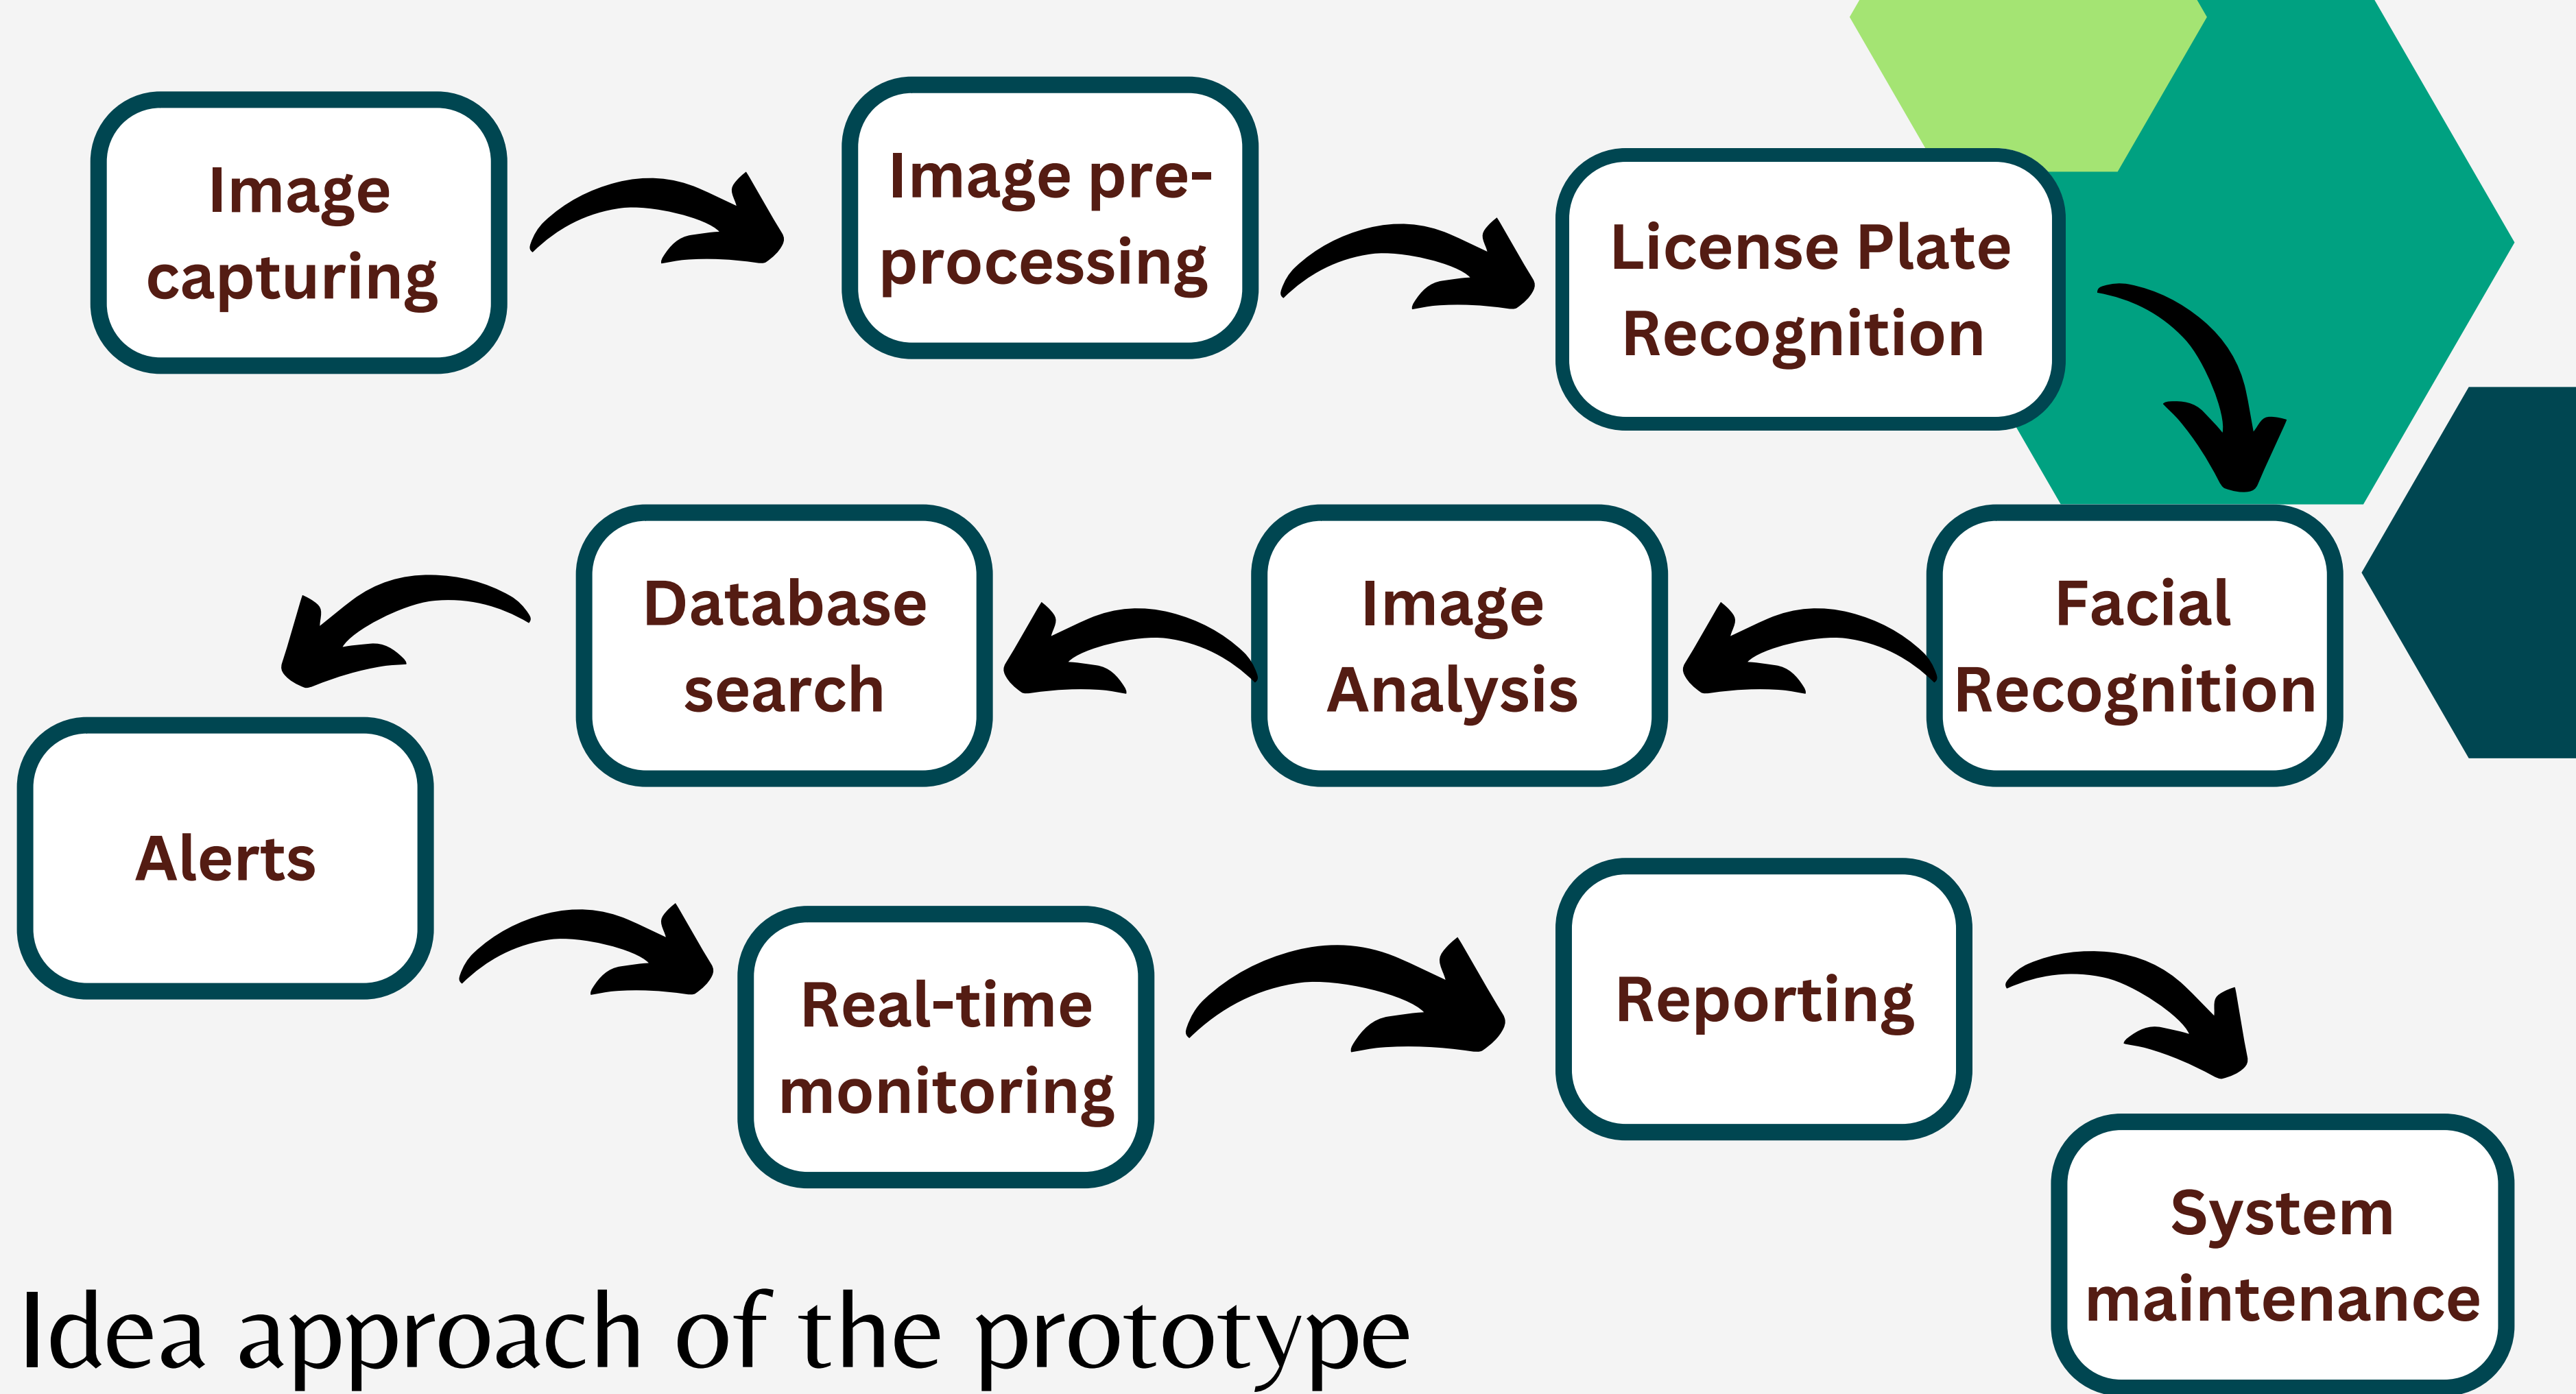

Shruti Shakya

**Institute Code(AISHE):**

U-0513

**Institute Name:**

GLA University, Mathura

Idea approach of the prototype

## DEPENDENCIES:

- Legal and regulatory frameworks
- Network connectivity
- Data storage and processing
- High-quality

## Show Stopper/ Special feature:

- Data analytics
- Real-time processing
- High accuracy
- Scalability
- Integration

## Project Use Cases:

- Use case 1: Parking management
- Use case 2: Retail – Facial recognition can be used by retailers to track customer behavior and preferences.
- Use case 3: Transportation
- Use case 4: Banking and finance
